SUBJECT INDEX TO VOLUME 127

Acromegaly
  spontaneous arrest (Ewer & Kotheimer, Jr.), 199
Adenoma, eosinophilic
  with infarction (Ewer & Kotheimer, Jr.), 199
Adipose tissue
  composition in infants and children with congenital rubella (Hill et al), 309
Alimentation, parenteral
  total parenteral alimentation solution (Gruppo & Graham), 352
Amytrophic lateral sclerosis
  abnormal motor nerve excitability (Brown & Johns), 55
Aneuplody, chromosomal
  in cervix carcinoma (Jones et al), 125
Angiocardiography
  influence on left ventricle function (Krovetz et al), 172
  radionuclide, in congenital heart disease (Hurley et al), 46
Angiopathies
  in diabetic children (Katz et al), 336
Anticonvulsants
  intravenous diazepam (Niedermeyer, E.), 79
Arthritis
  complement in serum and synovial fluid (Townes & Sowa), 23
  lysosomal enzymes in synovial fluid (Townes & Sowa), 23
  use of synovial complement in diagnosis (Townes & Sowa), 23

Body composition
  influence of protein-calorie versus calorie restriction on (Hill et al), 146
Body water
  in infants and children with congenital rubella (Hill et al), 309

Calcification
  studies on mechanisms, I and II (Barker et al), 2
  urinary derivatives inhibiting cartilage calcification (Barker et al), 2
Calorie restriction
  on body composition and cellular growth of muscle and liver in weanling rats (Hill et al), 146
Cardiovascular data
  a simple mnemonic code (Krovetz, L. J.), 344
Careers of physicians
  some characteristics of male medical students (Monk & Thomas), 254
Careers of women physicians
  some characteristics related to (Westling-Wikstrand et al), 273
Cartilage, ricketic
  properties of urinary derivatives which inhibit calcification (Barker et al), 2
Cervix neoplasms
  carcinoma of the uterine cervix (Jones et al), 125
Cell growth
  of muscle and liver in weanling rats (Hill et al), 146
Cell mass
  in infants and children with congenital rubella (Hill et al), 309
Cell size and cell number
  in infants and children with congenital rubella (Hill et al), 309
Children
  ventricular septal defects (Schwarz et al), 164
Cholera diarrhea
  comparisons of absorbable and "poorly absorbable" substances (Brigham et al), 107
  indicator dilution studies in small bowel (Brigham et al), 97, 107
  jejunal flow-transit time-volume relationships (Brigham et al), 97
Chromosomal aneuploidy
  evolution of in cervical atypia, carcinoma in situ and invasive carcinoma of uterine cervix (Jones et al), 125
Cigarette smokers
  as reflected by Strong vocational interest test (Thomas et al), 323
Clostridiopeptidase B
  contamination of purified collagenase preparations by (Mitchell, W. M.), 192
Clostripain
  assay of (Mitchell, W. M.), 192
  contamination of collagenase (Mitchell, W. M.), 192
  effect on studies utilizing collagenase as highly specific structural tool (Mitchell, W. M.), 192
  inhibition of (Mitchell, W. M.), 192
  specificity of (Mitchell, W. M.), 192
Collagenase
  assay of (Mitchell, W. M.), 192
Coma
  hyperglycemic nonketotic, in insulin-dependent diabetes mellitus (Brockman et al), 119

Complement
components in synovial fluid (Townes & Sowa), 23
immunofluorescent localization in synovial fluid (Townes & Sowa), 23
mechanisms of reduction in synovial fluid (Townes & Sowa), 23
titers in serum and synovial fluid (Townes & Sowa), 23
Contraceptives, oral
and hypertension (Russell & Sullivan), 287
Contrast media
in angiocardiography (Krovetz et al), 172
Convulsions
anticonvulsive action of diazepam (Niedermeyer, E.), 79
Crystal formation
electron microscopic observation of effect of inhibitors (Barker et al), 2

Deafness, hereditary
external-ear abnormalities (Konigsmark, B. W.), 228
Delfs' bioassay
for human chorionic gonadotropin (Lau et al), 247
Diabetes mellitus
insulin-dependent, hyperglycemic nonketotic coma (Brockman et al), 119
juvenile, pulse wave velocity and biopsy (Katz et al), 336
observations on pulse wave velocity and tissue biopsy in children (Katz et al), 336
Diabetic angiopathies
in children (Katz et al), 336
Diazepam, intravenous
anticonvulsive action (Niedermeyer, E.), 79

Ear
external abnormalities in hereditary deafness (Konigsmark, B. W.), 228
Editorial: (Turner, T. B.), 1
Electrolytes
composition in myocardium of developing rat (Hazlewood & Nichols), 136
Epilepsy
anticonvulsive action of diazepam (Niedermeyer, E.), 79
Experimental malnutrition
in weaning rats (Hill et al), 146

Fats
absorption after hypertonic mannitol perfusion (Nasrallah et al), 38
Female medical students
some characteristics related to career status (Westling-Wikstrand et al), 273
Fetal hamartoma
of kidney (Garcia-Bunuel & Brandes), 213
Fibrinolytic agents
thrombolytic therapy (McIntyre, P. A.), 222
Fluorescent antibody technic
immunofluorescent staining of rheumatoid synovia (Townes and Sova), 23
Forthcoming special events, 305, 358

Glucose
absorption after hypertonic mannitol perfusion (Nasrallah et al), 38
Gonadotropin, chorionic
immunochemical assay in human serum (Lau et al), 247
Growth hormone
normal responses in an infarcted adenoma (Ewer & Kotheimer, Jr.), 199

Hamartoma
ultrastructural cytochemical observations in fetal hamartoma of kidney (Garcia-Bunuel & Brandes), 213
HCG
immunochemical assay in serum (Lau et al), 247
Heart
anomalies, mnemonic code for data (Krovetz, L. J.), 344
catheterization in children (Schwarz et al), 164
diseases, congenital cyanotic, radionuclide angiocardiography in (Hurley et al), 46
function, effects of contrast media (Krovetz et al), 172
septal defects in children (Schwarz et al), 164
Hydrocarbons, saturated
in human tissues (Boitnott & Margolis), 65
Hyperglycemia
nonketotic coma in insulin-dependent diabetes mellitus (Brockman et al), 119
Hypertension
and the pill (Russell & Sullivan), 287

Immunochemical assay
for human chorionic gonadotropin (Lau et al), 247
Indicator dilution technique
in studies of small bowel of patients with cholera diarrhea (Brigham et al), 97, 107
Intestinal absorption
in cholera diarrhea (Brigham et al), 97, 107
Intestinal dynamics
in cholera diarrhea (Brigham et al), 97, 107

Jejunal flow-transit time-volume relationships
studies in cholera diarrhea (Brigham et al), 97
Johns Hopkins University School of Medicine
senior class convocation address, May 27, 1970 (Barnes, A. C.), 303

Kidney
fetal hamartoma (Garcia-Bunuel & Brandes), 213
Kidney neoplasms
fetal hamartoma (Garcia-Bunuel & Brandes), 213

Lateral sclerosis
abnormal motor nerve excitability in amyotrophic lateral sclerosis (Brown & Johns), 55
Liver
oil droplets (Boitnott & Margolis), 65

Malabsorption
fat and glucose after hypertonic mannitol (Nasrallah et al), 38
Male medical students
some characteristics related to subsequent careers (Monk & Thomas), 254
Mannitol, hypertonic
fat and glucose malabsorption (Nasrallah et al), 38
Medical students
special reference to smoking habits (Thomas et al), 323
Mineral oil
in liver and spleen (Boitnott & Margolis), 65
Mnemonic code
for cardiovascular data (Krovetz, L. J.), 344
Motor nerve excitability, abnormal
in amyotrophic lateral sclerosis (Brown & Johns), 55
Muscle
composition in infants and children with congenital rubella (Hill et al), 309
smooth, pharmacology of gastrointestinal (Bass et al), 185
Myocardium
ventricular, water, dry solids and electrolyte composition in the developing rat (Hazlewood & Nichols), 136

Nonabsorbable intestinal markers
in cholera diarrhea (Brigham et al), 97, 107
Nonsmokers
personality characteristics of (Thomas et al), 323
Nutrition, intravenous
total parenteral ailmentation solution (Gruppo & Graham), 352

Organ transplantation
pancreas transplantation (Garick, E. I.), 294
Oxygen consumption
in children and infants with congenital rubella (Hill et al), 309

Pancreas
transplantation, history of and current status (Garick, E. I.), 294
Parasympathomimetics
effect on gastrointestinal sphincters (Bass et al), 185
Pediatric cardiology
mnemonic code for data (Krovetz, L. J.), 344
Personality and smoking
in medical students (Thomas et al), 323
Physicians
personality characteristics as reflected by Strong vocational interest test with special reference to smoking habits (Thomas et al), 323
Protein-calorie restriction
on body composition and cellular growth of muscle and liver in weanling rats (Hill et al), 146
Pulse wave velocity
in children with diabetes mellitus (Katz et al), 336

Radionuclide angiocardiography
in congenital heart disease (Hurley et al), 46
Rheumatoid arthritis
complement and components in serum and synovial fluid (Townes & Sowa), 23
Rickets
studies on mechanisms of calcification (Barker et al), 2
Rubella, congenital
studies in infants and children (Hill et al), 309

Small bowel perfusion
in cholera diarrhea (Brigham et al), 97, 107
Smoking habits
special reference to Strong vocational interest test in medical students (Thomas et al), 323
Smooth muscle
pharmacology (Bass et al), 185
Solution
total parenteral alimentation (Gruppo & Graham), 352
Sphincter
gastrointestinal (Bass et al), 185
Spleen
oil droplets (Boitnott & Margolis), 65
Stopping smoking
personality characteristics of medical students (Thomas et al), 323
Streptokinase
thrombolytic therapy (McIntyre, P. A.), 222
Sulfobromophthalein
in indicator dilution studies during cholera diarrhea (Brigham et al), 97, 107

Sympathomimetics
effect on gastrointestinal sphincters (Bass et al), 185
Synovial fluid
complement and components in (Townes & Sowa), 23
lysosomal enzymes in (Townes & Sowa), 23
protein content in relation to complement titer (Townes & Sowa), 23

Thrombolytic therapy
current status (McIntyre, P. A.), 222
Thrombosis
thrombolytic therapy (McIntyre, P. A.), 222
Tissue biopsy
in children with diabetes mellitus (Katz et al), 336
Topics in clinical medicine
current status of thrombolytic therapy (McIntyre, P. A.), 222
the pill and hypertension (Russell & Sullivan), 287
Transplantation
pancreas, current status (Garick, E. I.), 294

Urokinase
thrombolytic therapy (McIntyre, P. A.), 222

Valium
intravenous diazepam, anticonvulsive action (Niedermeyer, E.), 79
Vascular disease
in children with diabetes mellitus (Katz et al), 336
Ventricular septal defect
in children (Schwarz et al), 164
Vitamin B_{12}
in treatment of cholera diarrhea (Brigham et al), 97, 107
Vocational interest tests
in medical students (Thomas et al), 323
